

7 January 2022

Dear Parents/Carers

As we complete our first week of the Spring term, we would like to wish all our families a happy, safe and healthy 2022. I am sure we are not alone in hoping this year sees more normality return, with less disruption on a personal, school, national and international level.

I would like to take a few moments to thank you for your continued support in our work, without that life would be much harder. At a time where the press report huge school disruption, we continue to thrive. Through your efforts, positive cases in school have been kept to a minimum and our attendance still stands at 94% with only the smallest number of staff members succumbing to infection. As a consequence, Year 11 are excelling in their attendance and approach to their mocks and all years are fully engaged in their learning. We remain grateful for this and committed to sustaining this positive provision.

My final request this week is to ask that you continue to ensure all students maintain their twice weekly testing via the lateral flow tests replenished this week. We would advise testing on Sunday and Wednesday evenings wherever possible, or in the morning before leaving for school. Thank you in advance for helping with this.

I shall write again in the next couple of weeks outlining initial plans for our Target Review Day for all families on Thursday 10 February 2022.

Kindest regards

Mr M Cooper  
Headteacher
